뱀파이어 도서관

Vampire Library

아선영

WHEN THE LIBRARY LIGHTS DIM,
THEIR REAL WORK BEGINS!
ARE THEY ON A MISSION TODAY AS WELL?!

Made for the press on chapter in the last page. I don't say "GAMMA" until you say "GAMMA" in Korean. This is NOT a translation mistake nor a result of multiple script editing. And yes I have had a lot of debate with myself and our Korean whether I should change it to something else. But seeing how we had edited out so many lines before (being called as a thing, cheap), I decided to leave "gamma" as much as I could. The idea if I didn't, you very much feel that he implies it in your mind with one of those alternative "thing" like "fuck" "mom" under his beautiful face, into that who he says "thing" that keeps remind that that is not what I say.

He was in hypovolemic shock for some time.

I was able to stop the bleeding and administer a transfusion quickly, so his condition has stabilized, and his life is no longer in danger.

His breathing and pulse rate have normalized as well.

A few days of rest should have been enough for a full recovery. However...

For some reason beyond my understanding,

he is unable to wake up.

Then why
isn't he
awake?!

GRRR...

GULP...

That's why
I said twas
strange...

There is
one thing
I can say
with
certainty.

If he remains
unconscious,

he will fall
into a coma.

Note: As we have discovered in previous chapters, the author does not really do her research when it comes to medical terminology. In reality, Maki would have already slipped into a coma (prolonged state of unconsciousness), and if he remains in a coma for too long he will enter a permanent vegetative state (PVS).

...This
can't be.

Because
I was
unable
to control
myself...

It
was only
natural.

Vampires
must consume
an amount of blood
proportionate to their
age and the strength
of their powers.

Drinking
blood from one human
once, a week is hardly
sufficient, even a low-
class vampire would
struggle to control
themselves.

And yet you
didn't drink for over
two weeks? That is
suicidal.

You
should be
thankful
that your
instincts
lacked in
before you
died.

Especially
since you,
Master
Carmel,

are a
Gourmand.

Which
is why I
suggest

that you
replace
your
contractor.

The contract stipulates
that the vampire will
protect the human in
exchange for blood.

Mano is
not suitable
as your
contractor.

You should
select several
hale and hearty
humans for the
quantity and
quality of blood.

Just
now,

What
did you
say...?

As I was
saying,
you
should
ki-

Goodness~
Thank you
for your
hard
work,
Doctor!!

Herm?

Oh my, you're busy
and must leave at
once? Sure, sure~

Of
course!

I will
see him
out!!

After returning
from the Hunters'
research lab
that day.

She hasn't
come out of her
room once.

Everyone is
out of sorts
it seems...

⚔ This won't do.
🏠 Keep the library
closed for a while. I will
speak with the Chairman.
He was probably the one
behind everything as
usual, so he reaps
what he sows.

Haha...

As I
thought

Doctors
are scary.

You don't
look all that
well either.

You should take
this opportunity
to get some
rest.

ONE WEEK LATER

CLOSED

SHOCK

Argh! Are you kidding me? Are they doing their jobs or not? This is why no one ever comes to this library!

STOMP

STOMP

Get it together!
Vampire Library!!

...Won't they go bankrupt at this rate?

PEEK...

I'll be ^{back} back again tomorrow so you better be ready!

Haz!

Don't underestimate an elementary schooler's tenacity!

You won't
kill me.

I trust you.

My throat is burning
with thirst.

Cal 07/10

Just a little
more...

I want
more blood.

Gasp!

...
Mano?

Slump

Hey,
Mano!

Wake
up!

Carbel

Why...

You

As I
thought,

I'd have
been better
if you had
not met me.

It's been so long
since I've slept
this peacefully...

Aaah...
I don't want
to wake up.

There's a kid
crying...

...Too troublesome.

UWAAAH

Tippin...

Argh,
seriously!!

Hey
you!

Quiet down,
I'm trying to
sleep.

GRAB

...Huh?
Doesn't this brat look
kind of familiar...?

I found
you!!

oof!

Glomp

Mano!!

...What's
with you?

How do
you know my
name?

How
rude!

It's me.

Carbel.

...Huh?

We
are

inside
your
dream

This
kiddo is
Carbel?

It's probably your
fault I've become
like this.

This is
your world,
after all

Perhaps you
know something
about
it?

SWEATS

I-I
wonder
...

I may have
thought it'd
be nice to
look down
on Carbel at
least once
or twice...!

Um...
But why
are we
inside my
dream?

You are currently
unconscious. If you
don't wake up,
you'll die.

You
see,

I drank your
blood until
you were
almost dead...

I've
shown you
a disgrace-
ful sight.

It is harder
to control my
emotions in this
younger
body.

SCREE

Have you
calmed
down now?

Don't laugh

871

...Don't
laugh

I'm
being
serious
now.

I am
going to end
the contract
between
us.

...Really?

No. A contract
bound by blood
is not easy to
cancel.

I will find
a way
some-
how.

Can it be
cancelled
that
easily?

But it's not
impossible.

CLENCH

If it is
what you
want...

In other words,
you'll do anything
I want?

REACH

Great.

Originally, you
made me your
contractor as
you pleased.

So now, I'll be
the one deciding
what to do with
our contract.

And
it's going
to remain
as it is

BLEH...

Are you
crazy?
You should
end the
contract!

No I
won't!

You were threatened
by Gourmets, had your
blood sucked by me,
and were used as bait
by the Hunters. Not
one good thing has
happened to you
since!

Why?!!

You're a
terrible
salesman!

You idiot!

I'm
saying

this is
your chance
to get away
from me!

If you stay by
my side you'll
be in danger
again!

I've decided
to let you go
so just hurry
up and leave,
you idiot...

...Carbel.

I was...

Always
alone.

Everyone
treated me
like a freak.

IT WAS IN THE MIDDLE
OF THE NIGHT...

But at the library even though there've been times when I got annoyed or angry, I also had fun.

It must be because I met another freak like me.

You are going to regret this...

Because now I will never let you go.
I am very persistent.

Uh... Hold on, let me reconsider.

Too late.

Well, then.

Guess I have no choice

Excuse
me...

TRIPLE

I can't
breathe.

HEAVY

And I'm
starting to
get goose-
bumps.

Being hugged by a
cat is like a hug
a thousand times better.

You're
too
loud.

Thanks
to you I
couldn't
sleep.

Just
stay like
this.

Pfft

...What's
so funny?

I shouldn't
disturb them
right now.

A whole floor of the Hunter building in Gangnam district was destroyed by an explosion of an unknown source.

150 years' worth of research data was erased.

and all of the hunters inside the building at the time lost their memories. No one can remember who the intruder

was.

...What are your thoughts on this?

Chairman of Samil Group.

...No.

Master Conrad, Head of Vampires.

Stop
twisting my
words!!!

Vampire Library

Eek!
She's angry
again!

...What
happened to
your face?

A wound
that's not
healing...

Don't tell
me you've
started
'aging'?

Aging,
you say...
That's an
insult to
my supple
skin.

This is —

You dare
to use my
employees
as bait...!

Ch-Chairman!

...I'm
fine.

How cruel,
hitting a
defenceless
child.

This
damned
old
geezer!

It's nothing
to get mad about.
Wasn't it originally
your job anyway?

The 150-year
reset, that is.

Because of
their incredible
tenacity the
Hunters have once
again figured out
the secret of
vampires

If classified
information like
the existence of
mutants gets out,
our safety will be
compromised.

That's why
we reset the
Hunters every
150 years before
they become a
threat to us.

And the only
way we can do
that is by using
your ability,
Carbel.

The situation was slightly different this time, and I was a bit impatient.

I knew that if I sent Mano you would go search for him, then Louis and Olivia would follow.

And I needed Olivia this time.

Only she could erase the problem.

Isn't it disgraceful that our comrade was being used by the humans as experimental material?

Such a thing is not my concern.

I came to give you a warning.

If you ever again use my colleagues without my permission,

I will
show no
mercy.

Even
if it's you,
Conrad.

...I'll look
forward
to it.

Vampire Library

Mrs.
Maria Hill.

Hmph... So
that's how you
wanna play it.

Then
we will
begin our
counter-
move.

The only
thing left
was a single
photo.

We sifted
through
the debris
and examined
the CCTV
footage.

But the
only thing we
could find was
one photo from
the research lab.
The rest was in
too poor of a
condition to
restore.

We
are very
sorry,
Ma'am.
